Profile

Performance Marketing Specialist with 3+ years of hands-on experience in Paid Search and Paid Social, managing monthly ad budgets of up to ₹3 crore on Google Ads and Meta Ads. Started in fintech app promotion, moved into luxury real estate lead generation for domestic and NRI buyers, and now run high-ticket lead generation for business owners, generating 15,000 leads per month at about ₹1,300 CPL for a funnel that closes 75+ premium mentorship sales monthly. Skilled in campaign setup, trafficking, budget management, audience targeting, bid optimisation, performance reporting, and QA and troubleshooting.

Education

MBA Finance 2023 – 2025
Pondicherry University (Distance Learning) chennai, India

BBA Financial service 2020 – 2023
B. S. Abdur Rahman Crescent Institute Of Science And Technology chennai, India

Professional Experience

Quantum Leap Learning Solutions Pvt Ltd 04/2026 – Present
Performance Marketing Bengaluru, India

- Hands-on experience in Paid Search and Paid Social (plus Display and Video), managing a ₹2 Cr+ monthly ad spend on Google Ads and Meta Ads for nationwide lead generation to business owners and MSME founders.
- Generate 15,000 high-ticket business-owner leads per month at a CPL of approximately ₹1,300.
- Own the top of a 3-stage funnel: ₹99 workshop, then the ₹22,000 PACE business education course, then the ₹10 lakh MBA mentorship program.
- Leads from my campaigns fed the sales team's 1,200 monthly PACE enrollments and 75+ monthly MBA closures (about ₹7.5 Cr in monthly sales).
- Handle campaign setup, trafficking, launch, and budget management, with daily pacing and spend reallocation by CPL and lead quality.
- Run audience targeting (interest, lookalike, remarketing, geo), bid optimization, and inventory and placement management (exclusions, scaling top placements and formats).

- Perform campaign performance analysis and reporting on CTR, CPC, CPM, CPL, and funnel drop-off, with regular insight reports.
- Conduct QA checks and troubleshooting of delivery, tracking, and conversion issues to protect spend and data accuracy.
- Run A/B tests on creatives, ad copy, audiences, and landing pages, and use sales feedback to improve lead quality.

Casagrand Premier Builder Limited 01/2025 – 04/2026
Digital Marketing Senior Executive Chennai, India

Performance Marketing – Real Estate Marketing (RI & NRI)

• Managed and optimized a monthly ad budget of ₹3 crore+ across Meta Ads and Google Ads for multiple luxury real estate projects, ensuring maximum lead generation and cost efficiency.

• Executed highly targeted campaigns for RI and NRI audiences, generating 2,400 qualified leads per month for a single project with an optimized CPL of ₹1,700.

• Developed and implemented advanced audience segmentation strategies using demographics, interests, behavioral targeting, and geo-targeting for domestic and international buyers.

• Collaborated closely with the sales team to improve lead quality and conversion rates by aligning campaign targeting with sales feedback and performance data.

• Conducted continuous A/B testing of ad creatives, audiences, and landing pages, resulting in improved CTR, reduced CPL, and enhanced overall campaign performance.

• Generated ₹10 Crore in sales within one week by executing high-impact, targeted lead generation campaigns for Casagrand, demonstrating strategic planning and performance driven execution.

StuCred 07/2023 – 12/2024
Digital Marketing Executive Chennai, India

App Promotion – StuCred

• Managed ₹3 lakh monthly ad spend across Google UAC and Meta Ads to drive scalable app installs and in app conversions.

• Achieved a CPI of ₹50 while maintaining a positive ROI of 10% through continuous campaign optimization and bid strategy refinement.

• Tracked and optimized key in app events such as registrations, KYC completion, and loan applications using AppsFlyer to improve conversion rates and user quality.

• Implemented AppsFlyer SDK-based event tracking to monitor user journey, attribute conversions accurately, and optimize campaigns for high-value users.

• Conducted A/B testing of creatives, audiences, and event optimization strategies to improve install to event conversion rate and reduce overall customer acquisition cost (CAC).
